### Product Description

My foster parents have called me a “model” greyhound from the day they met me. And, that's not just because of my striking good looks! I'm very skilled in both house manners and polite houndie skills. I even know how to sit, though when we greyhounds sit, our tooshies can't really touch the ground because of our long legs. See? Told you I was a model!

And, because I am a model, I'm not willing to settle for anything less than the best. I admit that I am living the good life in foster care, but I dream of finding a soft chair and blanket that I can call my own...or at least share with a person of my very own. I'd love someone who is willing to teach me new things as I am very bright and I'll occasionally tell you so! I would prefer a fenced backyard for my jaunts...hey, I may be middle-aged, but how do you think I keep this svelte body?! I do enjoy stuffies (stuffed toys), my two little canine foster brothers and a good petting.

Interested? Have your people contact my people – just hold the requests for autographs! I do make appearances at the monthly GPATN Meet-N-Greets and you can meet me there or contact us for an adoption application and we can set up our own meeting, if I'm the girl for you.

Kisses,

Anita
